RE: Computer/Technology Use Contracts

Dear Parents/Guardians:

Lowell School District policy requires students, parents and faculty to review and sign the Computer Use Contract in order for students to utilize technology in our schools. However, we also recognize that this form is cumbersome, exhaustive and in need of significant revision. Thus, we are currently in the process of revising the form to a single page, kid-friendly (and parent friendly!) format.

In addition to the need for this change, we are also aware that there are children whose parents have not yet signed and agreed to the terms in the Computer Use Contract. In order to get these children up and running on technology, I am asking parents whose child does not currently have a signed contract on file, consider signing and returning this letter as permission for the student to use technology within the following guidelines:

- Technology use for instructional purposes only.
- All use of computers and technology will be under the supervision of district personnel (teacher, administrator or educational assistant).
- Use will be appropriate for school and will follow the school-wide rules.
- Behavior or use outside of these parameters may result in disciplinary action in accordance with district policy.

We honestly appreciate the constructive feedback we have received from parents and students on this matter and hope that you'll find our new form more appropriate and user-friendly.

Sincerely,

Christina Cox  
Principal
