

Community Use of School Facilities

It is the policy of the District that school facilities shall be made available under capable and adult supervision, for community activities of an educational, recreational or civic nature. The District reserves the right to grant permission for building use and to deny any and all building use permits at its sole discretion.

Application must be filed on the regular "Facility Use Application" form which may be obtained from the building principal or District office.

Meetings and activities for school purposes shall have precedence over all meeting and activities in the use of classrooms, gymnasiums, school kitchens, athletic fields, and school grounds.

The serving or use of alcoholic beverages within the boundaries of school property is prohibited. Any patron becoming obnoxious or using profane language, or engaging in conduct which is not conducive to an educational atmosphere will be asked to leave. If said person should refuse to comply with such request, any school personnel, including the custodian, people in charge of meetings, or any responsible person, may have the person removed. School authorities may request the presence of police or fire personnel at any meeting.

School facilities may be used by patrons only under the direct management of persons qualified to use and care for any equipment or apparatus contained therein; competent help to handle same shall be provided by those to whom the accommodation is granted. Damage to school facilities or District-owned equipment is the responsibility of the person to whom the accommodation is granted.
