

Computer Use Agreement Form

Lowell School District

Lowell achieves educational excellence for all through pride, communication, and respect for all in a fun and safe environment.

Lowell School District policy requires students, parents and faculty to review and sign the Computer Agreement Form annually in order for students to utilize technology in our schools. This form is a brief outline of the expectations of individuals utilizing the district's network and associated technology. More detailed guidelines, expectations and definitions are outlined in the District's Technology Use Policy and may be obtained by request.

Please sign and return this form as permission for the student to use technology within the following guidelines:

- Technology use for instructional purposes only.
- All use of computers and technology will be under the supervision of district personnel (teacher, administrator or educational assistant).
- Use will be appropriate for school and will follow the school-wide rules.
- Behavior or use outside of these parameters may result in disciplinary action in accordance with district policy.
